

UTD WOMEN'S SOCCER

1999 SEASON

MESSAGE FROM THE PRESIDENT

Dr. Franklyn Jenifer

U.T. Dallas has always taken pride in the high quality of its students, faculty and staff. We offer our very bright and talented students a nationally recognized faculty with strong research backgrounds. Also, we take pride in offering the highest quality of student life programs. With more than eighty student organizations on campus and a host of sororities and fraternities, the quality of student life on campus continues to improve.

Our focus this year in our sports program will be to continue to expand our intercollegiate athletic program by adding cross-country and tennis. These sports will complement our existing NCAA Division III program in men's and women's basketball, soccer, and golf. We have the same expectations of excellence for our scholar-athletes that we have of our other students. I am confident that these talented young men and women will continue to be as successful in the classroom as they are on the courts, fields, and golf courses. I know they will come to value sportsmanship, camaraderie and hard work as much as they do the thrill of winning.

It is our hope that this will be a successful and rewarding season for our scholar-athletes and our coaches.

A special thank you is extended to the community for its support of our program. I look forward to personally interacting with many of you as the games begin.

ATHLETIC DIRECTOR

Mary F. Walters

The University of Texas at Dallas starts its second year as a member of the NCAA Division III and the American Southwest Conference. In March of 1998, Mary Walters was appointed as the Athletic Director of UTD after serving the university for 17 years as the Director of Recreational Sports. Walters will be responsible for developing a competitive athletic program that currently includes men's and women's soccer, men's and women's golf, and men's and women's basketball. Cross-country has been added this fall along with tennis in the spring and softball and baseball are scheduled to be added in the spring of 2002. UTD is excited about the future of athletics as it continues to upgrade and renovate outdoor facilities and enjoy the use of its new 11.3 million dollar state of the art Activities Center.

Walters is a 1979 graduate of Trinity University in San Antonio, where she competed in three sports; volleyball, basketball, and softball. As a senior captain, she was voted MVP and a TIAAW Academic All-American in basketball. Walters also holds a Master's Degree in Physical Education from SMU. Mary is married to Mark Stoltz and they have two children, Brian, 17, and Sara, 15.

THE UNIVERSITY OF TEXAS AT DALLAS

HISTORY

The University of Texas at Dallas was founded in 1969 when civic and industrial leaders Cecil Green, Erik Jonsson and Eugene McDermott, the founders of Texas Instruments, gave the Southwest Center for Advanced Studies to the State of Texas.

U.T. Dallas grew in a top-down manner: it first offered doctorate and master's degrees before accepting junior and senior undergraduate students in 1975. In 1990, U.T. Dallas enrolled its first freshman class, offering a new opportunity for Texas high school seniors to study in a rigorous and fulfilling academic environment.

PHILOSOPHY AND PURPOSE STATEMENT UNIVERSITY OF TEXAS AT DALLAS INTERCOLLEGIATE ATHLETICS

As an integral part of the total educational program within the University, the athletic program is subject to the same aims, policies, and objectives as other departments and programs on campus. The purpose of athletics at The University of Texas at Dallas is to provide competitive opportunities to students which foster physical, social and emotional benefits along with a sense of sportsmanship. In pursuit of this, the athletic department emphasizes the development of the student-athlete's mind, body, and spirit in a manner complementary to the academic program and places special importance on the student-athletes instead of spectators and on the university community rather than the entertainment needs of the general public. Looking, to the future, the University has developed an expanding athletic program competing in the NCAA Division III, which exists for schools that offer no athletic scholarships, and emphasizes amateur athletics and fair play with the total well being of the student-athletes in mind. Choosing to offer athletics under those circumstances fulfills the need of those students who desire to participate in sports while pursuing a college degree. Student athletes are reminded that above all, the main purpose of attending the college is to obtain an education.

AMERICAN SOUTHWEST CONFERENCE

The American Southwest Conference has been in existence since 1996, but its beginnings date back to 1976 with the formation of the Texas Intercollegiate Athletic Association (TIAA).

The TIAA, a non-scholarship and coeducational athletic conference (the first organization of its kind in the Southwest), was formed on May 2, 1976 and consisted of five charter members -- Austin College (Sherman, Texas), McMurry College (Abilene, Texas), Sul Ross State University (Alpine, Texas), Tarleton State University (Stephenville, Texas) and Trinity University (San Antonio, Texas).

Before aligning with the new TIAA organization, Sul Ross State and Tarleton State were members of the Lone Star Conference, McMurry participated in the Texoma Conference and both Austin College and Trinity were independents.

At the time of its formation, the member schools of the TIAA maintained their individual institutional affiliations with national intercollegiate athletic organizations such as the NCAA and NAIA before the conference solely became NCAA Division III.

Today, the conference consists of sixteen schools -- Concordia University at Austin, Hardin-Simmons University, Howard Payne University, McMurry University, Schreiner College, Sul Ross State University, Texas Lutheran University, University of Mary Hardin-Baylor, Austin College, East Texas Baptist University, LeTourneau University, Louisiana College, Mississippi College, University of Dallas, University of the Ozarks, and The University of Texas at Dallas.

In May 1996, Fred Jacoby was named the first commissioner of the American Southwest Conference. Under his guidance, the ASC has actively pursued conference membership expansion. In August 1999, Dan Lathey joined the ASC as the Director of Media Relations.

1999 SEASON OUTLOOK

The UTD women's soccer team begins its 1999 season with high hopes. The women will begin the season ranked 2nd in the West Division of the American Southwest Conference.

Last season the women finished with a 8-10-2 record, but hope to improve dramatically this season. The women return seven players from last year, four of which were 1st Team All-Division. The women's team will have a new look as it adds 9 freshmen to the squad. The UTD women hope to capitalize on the experience of their returning players and the enthusiasm of the freshmen class.

Last season, the UTD women lost to Hardin-Simmons in the American Southwest Conference Tournament. This year, however, they hope to be much more successful. "Our goal this year is to reach the conference championship," said head coach, John Antonisse.

1998 SEASON RESULTS

Overall Record: 8-10-2

Conference Record: 5-3

Non-Conference Record: 3-7-2

Head Coach
John Antonisse

John Antonisse is in his third year as head coach of the University of Texas at Dallas Women's Soccer Program. Previously, Antonisse was the assistant coach for men and women's soccer at UTD and also spent a year as the men and women's soccer coach at the University of Dallas in Irving, Texas.

Growing up in Richardson, Texas, he played club soccer for Sparta Blue and for J.J. Pearce High School. Both teams were perennial district and state champions.

After high school, Antonisse played one year at Richland College before transferring to the University of Tulsa. While at Tulsa, he was a three-year letterwinner and was named team captain for 1984 and 1985. He graduated from the University of Tulsa in 1986 with a B.S./B.A. in Marketing.

He has earned both a National License and an Advanced National License from the National Soccer Coaches Association of America, as well as a USSF "B" License.

Antonisse lives in Richardson, TX, with wife Beth, sons Robert (14) and Christian (8), and daughter Jordan (11).

Assistant Coach
Tracy Ward

Tracy Ward comes to UTD from Tampa, Florida. She is currently a graduate student seeking her master's degree in Speech-Language Pathology.

Prior to coaching at UTD, Ward played soccer at The University of Florida. While attending the university, she played for four years and was a starting defender on the 1998 NCAA National Championship team.

Prior to playing for The Gators, Ward played soccer for the Town'N Country Heather that won the under-19 and under-20 National Championships in 1995 and 1996, respectively.

Assistant Coach
Jennifer Damko

With the backdrop of Southern California, Jennifer's first athletic endeavor was on the soccer field at the ripe old age of four. Through her growing years, Jennifer also excelled at volleyball and track, which eventually took her to Gonzaga University in Spokane, Washington. Running track all four years, Jennifer first played volleyball and then, when soccer moved to Division I, she went back to her roots and finished her eligibility playing soccer.

Jennifer attended Notre Dame Academy in L.A., CA. She graduated from Gonzaga University with a B.S. in Biology and Psychology.

UTD Welcomes Youth Soccer To The University Athletic Complex

UTD RENOVATES AND EXPANDS SOCCER COMPLEX

With help from Dallas Cup, Inc., North Texas State Soccer Association, and The Lake Highlands Girls Classic League, The University of Texas at Dallas is renovating and expanding its soccer complex. The University is currently renovating the five existing soccer fields on campus and adding three additional fields. Construction on the complex began July 18, 1999, and completion is expected in February 2000.

The eight soccer fields, six of which will be lighted, are being constructed in order to meet the demand of the growing popularity of youth soccer in the Dallas area. The soccer complex will serve as a home for the Girls Classic League, the North Texas Soccer Olympic Development Program, Spring Classic Girls Invitational Soccer Tournament at Dallas Cup, Dallas Cup, Inc. and the UTD men's and women's soccer programs.

The University of Texas at Dallas Athletic Department is extremely excited about the renovation and expansion. "This complex will be one of the best soccer facilities in the Southwest. We at the UTD Athletic Department look forward to inviting the best youth soccer players in Dallas and in the world to compete at this facility," said Coach Jack Peel.
