ON RECEIPT

HEAD OF GENETICS RESEARCH, ADDITIONAL STAFF ARRIVE AT GRCSW

Prof. Carsten Bresch (left, standing group) arrived this week at the Graduate Research Center of the Southwest. He is head of the Genetics division, Molecular Sciences laboratory. Professor Bresch has joined the Center faculty from the Institute for Genetics, Cologne, West Germany. Five others also arrived this week to begin their work in Texas. Left to right from Professor Bresch are Technician Gretel Schwarz, Research Associate Karl Muller, Secretary Renate Altmann, Scientist Marie Reusse, and Asst. Prof. Rudolph L. Hausman. Welcoming the research group to their new location is Miss Betty Pore of the laboratory Executive Office. Total faculty and staff of the Molecular Sciences laboratory is now 41.
