*An Electromagnetic Inverse Scattering Problem for Dielectrics
that Depend on Two Spatial Variables via Eikonal Approximation*

UT Dallas Author(s):

Charles E. Chika
M. Ali Hooshyar

Citation:

Chika, C. E., and M. A. Hooshyar. 2019. "An electromagnetic inverse scattering problem for dielectrics that depend on two spatial variables via Eikonal approximation." *Microwave and Optical Technology Letters* 61(6): 1517-1523, doi: 10.1002/mop.31752
